Through CARS, we work alongside individuals in recovery, helping them recognize their worth and potential. Our motive reflects a simple truth: everyone has value, and that value can be restored and renewed. This event strengthens our community by reducing electronic waste, preventing hazardous materials from harming the environment, and promoting sustainable practices across rural Virginia—while reinforcing the message that everyone has value!

Mission: To Bring RESTORATION To Lives Destroyed By Addiction
Psalm 23:3 *“He restores my soul...”*
